

A fully-built, synthetic detergent powder specially formulated to give quality results on white work and fast coloured classifications

ECONOWASH

Bio and non-bio laundry powder

FEATURES:

High performance	Quality results for many different qualifications.
Economical	Excellent results at low dosages.
For hard and soft water	Designed to wash effectively under hard and soft water conditions.
For a wide range of soiled classifications	Gives good results on a wide range of soiled classifications at high temperatures in the most economical manner.

APPLICATIONS:

ECONOWASH is specially manufactured for use in Commercial and On Premise Laundries.

It is designed to wash effectively under hard and soft water conditions. Gives good results on a wide range of soiled classifications at high temperatures in the most economical manner.

ECONOWASH contains complex phosphates to sequester hard water salts present in the water supply or absorbed into the soiled linen.

USE:

Usage quantities depend upon the degree of soiling. As a guide, add 150 - 250gm of **ECONOWASH** per 10kg dry weight of fabric.

SPECIFICATIONS:

Form	Powder
Colour	Whitish
Odour	Pleasant
Density at 20°C	0,9 g/cm ³
Solubility in water	Insoluble
pH (10 g/l) at 20°C	11
